

## A/C CHARGING STATION

### POWER OF ICE

*The A/C charging station designed for R134a buses*

The **BURAN** station is the best the Itech range offers for the complete maintenance of **R134a** A/C systems of **buses** and similar vehicles. With its internal tank of **35 liters**, the 17 cc compressor and the 8 cfm vacuum pump, this powerful charging station is unrivaled. Of course, if necessary Buran can be safely used for the A/C maintenance of cars, trucks and other ordinary vehicles with R134a.

Equipped with internal vehicle **database**.
