

# Clever

A/C CHARGING STATION

## THE COMFORT OF A CLEVER STATION

*R134a A/C charging station also suitable for hot climates*

Our **CLEVER** station provides a full-range charging capability for **R134a** vehicles, coming with an unusual and particularly practical design. Unlike most A/C stations, which tend to grow vertically, Clever extends deep, offering a **convenient top shelf** and a **large back drawer**; at the same time, the greater internal space allows **faster and easier repair and maintenance**.

Equipped with internal vehicle **database** and also available with a **specific version for hot climates**.
