

GENESIS

A/C CHARGING UNIT

EASINESS AND POWER FOR HFO

Our leading charging station for vehicles with HFO

While the Icon station is all about compactness, **GENESIS** is a concentrate of robustness and power with full charging capability for vehicles with **R1234yf** gas. With its generous (but certainly not excessive) size and a very clean design, it also has the function of internal washing for charging **hybrid vehicles**. On request, it can also be supplied in a specific version for **R134a** gas.

Equipped with updatable internal vehicle **database**.
